

MA10103: Foundation Mathematics I

SECOND CLASS TEST

Venue: 8West 2.1.

Time: 11.15 - 12.05.

Date: Thursday 13th December.

It is worth 12.5 % of the final mark for this course.

This class test will cover material from

- §6 Trigonometry
- §7 Coordinate Geometry
- §8 Graphs
- §9 Differentiation (but only up to and including the chain rule)

You need to bring pens (or pencil if you prefer, provided it is legible). We will give you paper. You will have to leave your bags on the floor at the front of the room.

You will be provided with a university calculator.

The questions are short and in the style of the questions in section A of the end of semester exam. If you want to see copies of old exam papers see the *Library and Learning Centre Exam Papers Database* at <http://www.bath.ac.uk/library/exampapers/> (this is linked from the course webpage/Moodle course page).

There will be no drop-in session at 10.15 on 14th December!
